Name: **Muley, Tushar**
Assignment: **DSC 680 – High Level Portfolio Proposal**
Date: **December 5, 2021**

Below is my outline of my portfolio that needs to be completed by the end of course.

Milestone 1

1. Determine which ten (10) projects I want to highlight.
    a. Select seven (7) projects from my course studies
    b. Three (3) of the ten (10) will come from my DSC 680 course
2. Select a platform to showcase my work
    a. GitHub Pages
    b. Wix
    c. Other
3. Draft writeup of readme file of my projects
4. Repository for public consumption
    a. New repository in order of projects
    b. Clean up my Jupyter Notebooks and R Studio code
    c. Create PDF of the Notebooks and R Studio code for even easier consumption
    d. Create visuals is non-existent or improve for better visual

Milestone 2

1. Solidify my ten (10) project to use.
    a. If not ten provide reason as to why not
    b. Discuss with Professor on additional ideas to add from work if applicable
2. Continue refining draft of readme file
3. Draft of my repository
4. Cleaning notebooks
5. Possibly solicit input from my peers

Final Milestone

1. Complete list of projects
2. Complete readme files
3. Complete repository
4. Complete notebooks
